

THE RULES: Try to keep the cars in front and behind in view. It is likely that splits will form; just try to keep with a group and you should be able to reform at the next stop point.

A little thought for the car behind will go a long way. If you lose sight of the car behind, especially when approaching junctions, drop back a little to ensure they go the right way.

Please be considerate to both the rest of the group and other road users. It's not a race so we don't want to see people blasting past others. Observe speed limits!

The organisers and newminiscotland.co.uk accept no responsibility for any loss, damage, injury or death incurred as a result of this event. It is assumed that all participants have adequate insurance, road tax and driving licenses.

**Please ensure you start with a full tank of fuel
& reset your trip counter before leaving the services.**
